

# FANTASIE

LINGERIE

TRADE WORKBOOK | UP TO A JJ CUP

*June - November 2017*

A woman with long brown hair is sitting on a light-colored wooden floor. She is wearing a dark-colored bra and matching underwear with a vibrant floral pattern in shades of red, blue, and yellow. She is also wearing a delicate necklace and a thin bracelet. She is looking towards the camera with a slight smile, her hand resting near her chin. In the background, there is a large window with white frames, through which bright light is streaming, creating a soft, warm atmosphere. The wall to the right of the window is white with a decorative baseboard.

## *Let your light in ...*

At first light the room is peaceful but for the subdued sounds of early morning traffic that ever so gently drift in. You feel confident and calm, basking happily in the warm rays of sun that highlight an effortlessly comfortable fit.

## Elemental

This trend leans towards the lighter, intricate aspects of nature. Inspiration can be taken from organic shapes and soft hues found in natural objects. Subtlety is key and an almost ethereal feel is apparent. Iridescent shades and beautiful finishes are delicate and refined.

## Necturnal

This trend focuses on the mysterious and darker side of nature. With deep rich berry colours and jewel like tones, decoration and texture are key in creating a dramatic look with guipure embroideries and striking laces. This trend has a very opulent and indulgent feel featuring embellishments and eye catching prints.

## Stephanie
